## **2011/2012 – Parent and Child Sewing Workshop**

Welcome to Sewing with Jennifer Serr. In this Camp for kids and adults, we embrace the exciting world of craft and design. Students will work together sewing either a joint project or work side by side on their own project.

Each camp day will begin with a short demonstration and practice of a sewing or design technique, followed by work on the sewing project.. We break for lunch or snack time and eat on-site, either in our workspace or on the patio outside (please provide your child with a bag lunch for all-day camps). The afternoon will be spent sewing and refining our new designing skills.

For weekly after school classes, students will be guided through an individual project of their choice throughout the term. Let's get started and have some fun!

Each student will need to come prepared with a sewing box and portable sewing machine. Parent and Child can share a machine or each bring their own. There are a few machines available to check out on an as needed basis. Additionally you will need fabric and patterns to create your projects. Sewing camp will provide some additional materials for embellishment and creativity.
