

Sewing Camp With Jennifer Serr

2011/2012

Welcome to Sewing with Jennifer Serr. In these Camps for kids, we embrace the exciting world of craft and design. Students will cultivate many design skills including the use of color, composition, sewing and creative thinking. We will explore numerous avenues of inspiration through our work on each project.

Each camp day will begin with a short demonstration and practice of a sewing or design technique, followed by work on the sewing project. We break for lunch or snack time and eat on-site, either in our workspace or on the patio outside (please provide your child with a bag lunch for all-day camps). The afternoon will be spent sewing and refining our new designing skills. In the afternoon we will clean up and have a special snack.

For weekly after school classes, students will be guided through an individual project of their choice throughout the term. Let's get started and have some fun!

Each student will need to come prepared with a sewing box and portable sewing machine. Additionally they will need fabric to create their project. Sewing camp will provide some additional materials for embellishment and creativity.
